Five steps for every line

Hear
Scan the code above. Hum along.

Find
Right hand, no timer. Find each key.

Groove
Right hand with the click. Slow first.

Left hand
On its own. Too much? Page 2 has an easy way.

Together
Both hands, slow. Speed comes last.

A circle is one good go. Fill in three in a row with no stops, and that step is done.

Warm up: five fingers on C

Left hand

Right hand

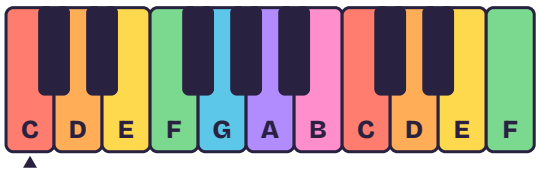

Up and down, slowly, each hand, then both. This is the home of the song (C).

A good 10 minutes

2 min Warm up
5 min Today's line, all five steps
2 min An old line, from memory
1 min Everything so far, no stops

Keys you need

middle C

The right hand lives on these keys for this whole song, and the colours match the notes on every page.

Your left hand

Silent Night · Practice Pack

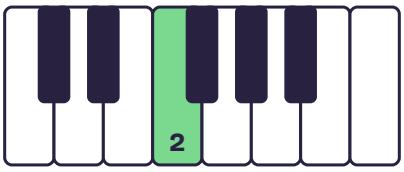

The cards ahead show the left hand as it is written. Too much at first? Play just one note for each chord: it still sounds like the song.

C

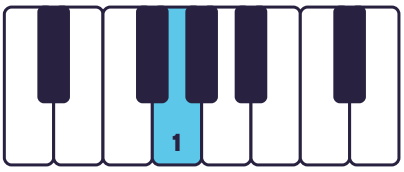

Play C with finger 5

F

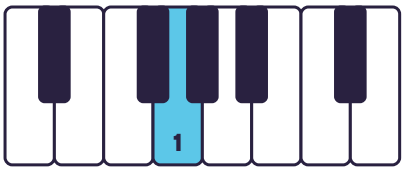

Play F with finger 2

G

Play G with finger 1

G7

Play G with finger 1

Try it on its own

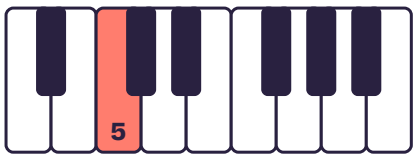

The easy left hand for line 1: one note for each chord. Say the letters as you go.

Getting bored? Three ways to make it fancier

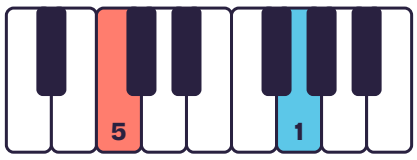

1. One note

What you just played

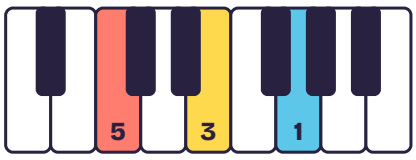

2. Two notes

Add the note five keys up

3. Beat chords

Tap the chord on each beat

Start on C. It comes round the most, so it is the one that pays off first.
